**Community & Brand Support**

*Describe your destination (who you are, who you wish to attract and why would they come) addressing your strengths, opportunities, and potential challenges. How does your destination align with Montana's brand pillars?*

**COVID-19 Update:**

As we continuously monitor the outcomes of the COVID-19 Pandemic, we have taken action to immediately modify our marketing plans based on both strategy and budget. After pausing the majority of our paid media, we allocated a portion of the budget beginning in May to the following media outlets: Expedia, Sojern, Madden Media, and Trip Advisor. We are moving funds from our FY20 budget to the summer months to promote in-state and regional drive markets, including North and South Dakota, Colorado, Utah, Idaho, and the Spokane, WA area.

Most of our emerging markets are on hold, and we are focusing our efforts on our top-tier, direct flight cities that have traditionally performed well: Seattle, Denver, Salt Lake, and Minneapolis. The exception to this will be the Nashville flight on Allegiant and Sun Country to Minneapolis, which we are under contract to provide marketing support.

All media will be structured so that we have the flexibility to make necessary changes to markets and messaging based on circumstances.

What began as a small agricultural town in Montana, Bozeman is now the nation's fastest-growing micropolitan area and was recently identified as also having the strongest micropolitan economy in the nation (Polycorn Corporation,

## 2020 Economic Strength Rankings.)

The popularity of the area is easy to understand. Surrounded by six mountain ranges, four major rivers, two major ski areas, and conveniently between two of the entrances to Yellowstone National Park, outdoor recreation is abundant. Montana State University is now the largest college in the state, bringing a vibrant academic and social energy. And the entrepreneurial spirit is everywhere; boutiques, art galleries, restaurants, sporting goods stores, and big-box stores create a dynamic shopping and dining experience. Museum of the Rockies, a Smithsonian affiliate, draws people not only for their impressive collection of dinosaurs but the rotating exhibits from around the world.

Bozeman embodies Montana's brand pillars, a vibrant town, just minutes from thousands of acres of spectacular, unspoiled nature. The proximity to outdoor adventure, coupled with the cultural benefits that rival urban areas make Bozeman one of the state's most sought-after destinations.

In 2019, Bozeman Yellowstone International Airport handled 1,573,860 passengers, a 17.3% increase over 2018, and the 10th consecutive year of record-breaking traffic. We now have nonstop service to twenty major markets across the United States, including daily flights to Atlanta, Georgia, the world's busiest passenger airport. The terminal is currently under a \$27 million expansion, including a 4-gate terminal, a third restaurant, more retail, an outbound baggage handling area, passenger boarding bridges, and a more extensive terminal apron to serve more planes with space for future development.

### Strengths

- **Yellowstone National Park:** Bozeman sits between two of the five entrances to Yellowstone National Park, making it a great home base. In 2019, 68% of the people who stayed at least one night in Bozeman visited Yellowstone National Park (ITRR, Nonresident Travel Survey, 2019.)
- **Ease of Access:** Bozeman Yellowstone International Airport is the busiest in the state. There are 21 nonstop flights to major cities across the United States, and I-90 runs directly alongside the town.
- **Proximity to spectacular outdoors:** In 2019, the top activities visitors engaged in while here are:
  - Scenic Driving: 64%
  - Day Hiking: 47%
  - Wildlife Watching: 41%
  - Nature Photography: 35%With six mountain ranges, three state parks, and Yellowstone, the outdoor recreation is abundant.
- **Urban vibe with a small-town feel:** Bozeman is full of entrepreneurs, students, tech-giants, farmers, and cowboys. It's an eclectic mix of interests with one thing in common, a love of the outdoors.

### Opportunities

- Increase visitation from regional drive markets and Montana residents.
- Repeat visitors. 77% of visitors in 2019 said they plan to visit again within the next two years. (ITRR, Nonresident Travel Survey)
- Target direct flight markets that have performed well and have low cases of COVID-19.
- Supporting Bozeman Yellowstone International Airport and the air service through increased targeted marketing.

### Potential Challenges

- Bozeman has two new hotels this year, with five more in the planning stages prior to March 15, 2020, giving us more inventory to fill.
- Keeping congestion out of Yellowstone National Park.
- Resurgence of COVID-19 in target markets and locally may lead to extended travel restrictions.
- The long-term impact COVID-19 will have on airline travel is an unknown. In 2019, 29% of visitors to Bozeman flew on a portion of their trip. (ITRR, Nonresident Travel Study 2019)
- Economic concerns due to COVID-19 and the upcoming election could raise worries about discretionary spending.
- Growth in both visitation and residents presents a challenge in maintaining infrastructure while maintaining the charm of Bozeman.
- Significant weather events such as heavy snowfall or wildfires can hinder visitation to the area.

FY21 will be a year of re-instilling travel confidence after the damaging effects of Coronavirus. Bozeman CVB has strong partnerships, including the newly formed Gallatin Valley TBID, which expands our Tourism Improvement District to be county-wide, which will include Bozeman and the surrounding area, Belgrade and Three Forks. This structure replaces our former TBID, which represented hotels only within city limits. The expanded TBID better represents our area and has more financial contributors than the Bozeman Tourism Business Improvement District was financially responsible for in the past. This partnership will allow us to maximize our use of marketing dollars and target our campaigns. This will be the first year of collections under the expanded structure.

As such, the CVB budget will fund seasonal, targeted, micro-campaigns to high quality visitors/leads farther down the funnel. Most years, we divide our budget into a 60/40 split between winter and warm season. This year, we'll adjust that to a 50/50 split to try to regain some of the losses due to COVID-19, starting with a strong focus on in-state and regional drive markets. From there, we will carefully add direct flights based on our strongest performing markets, who are also managing the COVID-19 outbreak well. Each campaign will have a unique landing page, unique creative, a defined target audience, and a specified budget. All of our media buys will be negotiated on a quarterly basis in order to remain flexible due to market situations.

The TBID will be focused on top-of-the-funnel awareness and lead generation. All of our marketing messages will feature our beautiful wide-open spaces, but all of our decision-making will take into account the safety and well-being of the community. Our numbers were substantial for January and February, if Yellowstone National Park re-opens this summer, 2020 could be salvageable from a tourism perspective.

Over the years, Bozeman CVB has been committed to the Airline Transportation Committees: partnerships with Yellowstone Country, Bozeman CVB, Big Sky CVB, Belgrade CVB, Big Sky Resort, Yellowstone Club and Lone Mountain Land Companies. This partnership has been instrumental in increasing our airline service, helping with both seat guarantees and marketing support. The majority of our contracts were completed before the outbreak of COVID-19, with the exception of the Nashville flight by Allegiance and the Sun Country flight to Minneapolis. We will continue to honor these contracts and will continue to monitor and work with Jet Blue on their flights to New York City and Boston.

**Describe your destination.**

**Inspiration:** Our social media, both paid and organic, as well as paid digital and print advertising, exposes visitors to the beauty of our area. We have also leveraged our blog content to share travel tips, things to do, where to stay and where to eat. This content will continue to be a cornerstone of our paid and organic social strategy.

**Orientation:** We have a strong content strategy in place, publishing an average of two blog posts per week and pushing them out through social media. This year, we will begin adding short, 48-hour itineraries to the mix to help attract regional visitors who may come for shorter periods of time. Native advertising is a robust platform for telling our story further.

**Facilitation:** Once people are on the site, we have numerous prompts to download the travel planner or sign up for our newsletter—those who do also self-identify their interests and go into an email queue for further information.

*a. Define your target markets (demographic, geographic and psychographic).*

In our drive markets, ND, SD, CO, UT, ID, and Spokane, WA, we will focus our messaging toward families. For direct flight markets, Seattle, Denver, Los Angeles, Minneapolis, and Nashville, we will speak to outdoor enthusiasts. Our creative showcases our wide, open spaces and focuses on interests and activities such as skiing/snowboarding, snowshoeing, hiking, fly fishing, whitewater rafting, kayaking, climbing, and visiting Yellowstone.

**Film**

The Bozeman CVB will collaborate with the Montana Film Office whenever possible to encourage filmmakers to bring their work to our area. The new state incentives should bring new interest and help fuel this industry.

**Conferences and Meetings**

With more and more hotels coming to the area, we are gaining capacity for conferences and meetings. Although it was canceled due to COVID-19, meetings the size of the National Conference on Undergrad Research (NCUR) are perfect at around 400 people. In June, the Kimpton hotel will open with another meeting room with the capacity to hold 500 people.

**Sports Tournaments and Events**

Working in collaboration with the Gallatin Valley Tournament Committee, we focus on statewide and regional tournaments both inside and outside of the Montana High School Association. Bozeman also draws visitors for runs such as the Bozeman Marathon, Bridger Ridge Run, and Run to the Pub. A Kenny Chesney concert is still planned for July 5, 2020, the second outdoor concert at Bobcat Stadium.

*b. What are your emerging markets?*

We target based on interests and behaviors including, national parks, skiing/snowboarding, hiking, fly fishing, adventure travel, camping and frequent travelers.

- Nashville, Tennessee
- Florida
- Charlotte, North Carolina
- Calgary, Canada

*c. What research supports your target marketing?*

Arrivalist data, Since June 1<sup>st</sup>, 2018

The arrivals per exposure (APM) metric in Arrivalist indicates a high propensity to visit Bozeman with limited exposure to advertising. We have done a great job nurturing markets outside of the state and region to grow our direct flight success, but it will be crucial that we focus more of our dollars in-state and regionally to rebuild our visitations. Another area we have been tracking is how different demographics find our website. We have found that younger travelers

rely heavily on search engines while social media (Facebook, primarily), and email has become a platform for attracting older demographics. Display ads, both prospecting and retargeting, is pretty balanced as far as website visitors. We've leveraged a balance of paid media to reach different demographics where they are on the internet.

#### In FY21, our primary goals are:

- Re-instill confidence in traveling to Montana. We will focus our messaging on wide-open spaces, and the room to be active and outside.
- Focus on increasing visitation from drive markets and in-state residents.
- Strategically rebuild our direct flight traffic while keeping in mind some markets are harder hit by COVID-19 than others. The health of the market will be a factor in determining where we target our dollars.
- Increase winter visitation.

a. In what types of co-ops with MTOT would you like to participate?

This year, we plan to participate in Parents magazine and Sojern, which has been successful in the past.

Optional: Include attachment here.

b. In what other types of co-ops would you like to participate? (Regions/CVBs, etc.)

The past couple of years, Yellowstone Country has offered co-ops with Trip Advisor and often various targeted print publications. These co-ops are a great way to reach an economy of scale and maximize both our budget and our exposure. The Airline Transportation Committee collaborates to promote our air service, and we will continue to do that for the contractual agreements we have in place.

c. What types of co-ops have you done in the past? Were they successful - why or why not?

In addition to the Joint Ventures listed above, we have also partnered with Bridger Bowl for ski-specific advertising in places such as United Airlines In-Flight Video, Big Sky Journal and Texas Monthly. These partnerships are evaluated on a case by case basis.
