CHANGES TO THE AGENDA

No changes to the agenda were requested.

PUBLIC COMMENT

Governor's Conference on Tourism & Recreation—Glenniss Indreland, TAC Chair

Glenniss encouraged TAC members and other meeting attendees to use the official conference app Yapp to stay connected during the conference in Butte.

MARKETING COMMITTEE—Katie Grice, Chair

Rules & Regulations Changes and Updates

Katie reviewed the proposed changes for the Rules & Regulations for the Regions and CVBs. (Note: See Attachment A to read summary of proposed changes to the Rules and Regulations for the Regions and CVBs) **Glenniss Indreland moved to approve the submitted changes to the Rules and Regulations. Rhonda Fitzgerald seconded.**

Discussion followed.

- Section 6.4—Marketing Method Evaluation: Discussion asked for clarification on whether the organizations need to provide an updated pie chart from the original plan. Comment was made that per previous discussion that yes, they need to provide it and sentence with the question will be struck from the document.

- Section 15.2.21 (Convention Promotion and/or Events Recruitment) and 15.2.22 (Convention and/or Event Subsidies): Concern was raised that the wording “Lodging facility use tax revenue can be used for subsidizing in-state conventions and events only by CVBs with annual collections under \$500,000 and Regions with annual collections under \$1,000,000. Groups originating within the state of Montana must prove a majority of attendees travel from outside a 100-mile radius of the bidding destination and the method must align with organization’s marketing plan.” would impact certain communities the ability to merchandise within the state. The other issue was with the restrictions for an “event”, which would preclude some communities from merchandising within the state also.
- Section 15.2.15 (Printed Material): Clarification was made that for any printed material that provides a free listing of lodging facilities, the organizations shall solicit those properties with a lodging facility use tax identification number within the identified geographical area as there is not an inclusive listing available from the State.

Steve Wahrlich moved to approve the updates and changes to the Rules and Regulations, but that the language for sections 15.2.21 and 15.2.22 revert back to how it was written on April 3, 2019 or to strike the dollar amounts in the current language. He said that while many communities have TBID funding and/or other resources to utilize, if they lost that funding, the current language would eliminate several communities from using their lodging tax collections in the same way as those eligible. Glenniss Indreland stated that the current language was put forth in the best interest of the smaller Regions and CVBs and that she supports this language based on the feedback from the organizations in the last week. Rhonda Fitzgerald commented that historically, there was no in-state meeting or event subsidy or promotion allowed because of the concern that Regions and CVBs would compete against each other. She said that she is willing to support the current language. Tami Burke stated that she also supports the current language. Jeff Ewelt commented that he agrees with Steve in that if the larger Regions or CVBs lose their other funding resources such as TBIDs, the current language takes away their opportunity to go after in-state meetings or events. Tami Burke commented that since the Rules and Regulations are reviewed every two years, that the TAC approve it as it is and if needed, these items can be revisited during the next review. Clarification was made that if needed, the Rules and Regulations can be changes sooner than two years if needed.

Call for a vote on the initial motion by Glenniss Indreland and seconded by Rhonda Fitzgerald was made. Steve Wahrlich opposed. Motion passed.

Glenniss thanked everyone for their time in reviewing and updating the Rules and Regulations. At this time, it will go through a public comment period and legal review before being sent through the official process for changes. The goal is to have everything finalized and in place for the new fiscal year starting July 1, 2019.

3.2 CHANGE IN ELIGIBILITY BASED ON COLLECTIONS

Based on a quarterly review of lodging tax collections, recognized organizations that are at risk of dropping below the minimum collections required to receive funds will be notified by the TAC chair that they may become ineligible.

The recognized organization may continue to execute their approved marketing plan and

budget through the end of the fiscal year following the year in which they were eligible. This requires an amended contract with MOTBD and a vote of approval by the full TAC.

After one calendar year of failing to meet the minimum required collections, an organization will no longer receive funding. Notification of ineligibility will be provided by the TAC chair and MOTBD. Statute specifies that those funds must be allocated to the regional nonprofit tourism corporation in the region in which the city, consolidated city-county, resort area, or resort area district is located.
