CHANGES TO THE AGENDA

No changes to the agenda were requested.

- Approval of February 4, 2019 TAC Meeting Minutes

Bill McGladdery moved to adopt the consent agenda. Brian Sprenger seconded. With no request to remove an item from the consent agenda, the consent agenda was adopted.

PUBLIC COMMENT

National Travel & Tourism Week—Candace Strauss, Visit Big Sky

Candace said that the U.S. Travel Association will celebrate National Travel & Tourism Week from May 5-11. She encouraged tourism partners to participate to help raise awareness of the economic impact that tourism brings to communities and the state. There are multiple ways to participate including social media and public rallies and meetings. She stated that she would like to see at least one event happen in each of Montana's seven tourism regions during that week. She will be reaching out to partners to coordinate.

Legislative Update—Steve Wahrlich and Brian Sprenger, Jeff Ewelt, TAC Members; Candace Strauss, Big Sky CVB
Updates were given on legislative bills that could impact the tourism industry in Montana.

- LC980—Interim study of lodging facility use tax.
- HB411—Revise laws related to Aquatic Invasive Species (AIS) expenditures and funding. This bill would reduce the amount of bed tax that MOTBD receives by 4.4%.
- HB661—Revise aviation fuel taxation. This bill could significantly impact air service across Montana.

- SB338—Provide for construction of the Montana Heritage Center and create museum grants. This bill proposes to increase the bed tax by 1% and use those funds for this purpose.
- SB241—Allow increased resort tax for infrastructure.

COMMITTEE REPORTS BY RESPECTIVE CHAIRS

Executive Committee—Glenniss Indreland, Chair

Glenniss gave a recap of the TAC Executive Committee conference call which was held on Wednesday, April 3. Items of discussion included:

- Review of the recommended changes and updates to the Rules & Regulations for Regions and CVBs
- Review changes to the TAC Operating Policy. Glenniss said that one thing the revised document will aspire to do is combine the three separate documents (TAC Operating Policy, TAC Job Descriptions and TAC Committee Definitions and Responsibilities) into one cohesive document to be the TAC Operating Policy. Glenniss reviewed the proposed changes to the TAC Operating Policy. (Note: *See Attachment A to read full document with proposed changes to the TAC Operating Policy*) Discussion followed.
 - Section 4—Election of Officers: Rhonda Fitzgerald noted that she would discourage a limit of terms for officers as there have been circumstances in the past that made it necessary for one or both officers to continue for another term or two.
 - Section 4—Election of Officers: Glenniss Indreland and Rhonda Fitzgerald also noted that language regarding a nominating committee needs to be added to this section.
 - Section 6—Job Description: Rhonda Fitzgerald suggested that the section on line “f” reads “*Gets to know other Council members and builds a collegial working relationship*” deleting the portion that says, “*that contributes to consensus*”. Tami Burke echoed what Rhonda said to just put a period after the word relationship.
 - Section 7—Committees: Rhonda Fitzgerald stated that under line “a” for Executive Committee, there needs to be some wordsmithing as it states that the committee shall be composed of a minimum of four members but names the current Chair, Vice Chair, two most recent past Chairs and two members currently serving on the Council which totals a minimum of six people. She also commented that there aren’t always two recent Chairs serving on the Council.
 - Section 7—Committees: Glenniss Indreland stated that the Rules & Regulations will now be a separate committee from the Marketing Committee.
 - Section 13—Travel Reimbursement: Glenniss Indreland reminded the Council that when traveling, they will only be reimbursed for the state per diem lodging rate. If they choose to book lodging outside the arranged room block that is above the negotiated rate, they will be responsible for the difference. If they are traveling for a meeting and require additional lodging due to distance or other circumstances, they need to request the state government rate. MOTBD staff stated that they are happy to negotiate the rate in advance if needed. Rhonda Fitzgerald asked how to correctly submit expenses for car rentals and fuel as there is a group from her area that normally car pools for the TAC meetings. MOTBD staff said that they will check with the Department of Commerce accounting staff and report back at the June meeting.

Glenniss asked for any other feedback regarding the TAC Operating Policy to be directed to her. A finalized draft copy will be sent to the Department legal counsel for review. Once approved, it will be sent to the Council and moved forward to be adopted at a future meeting.

Marketing Committee Updates—Katie Grice, Chair

Rules & Regulations Changes and Updates

Katie reviewed the proposed changes for the Rules & Regulations for the Regions and CVBs. Once approved, it will go through a public comment period and legal review before being sent through the official process for changes. (Note: See *Attachment B to read summary of proposed changes to the Rules and Regulations for the Regions and CVBs*) Discussion followed.

- **Section 7.3—Eligible Marketing Expenditures**: Discussion asked for clarification of Sub Section 8: “Publicity and marketing personnel costs can include gross wages for hours worked and employer state and federal taxes.” Questions raised asked if employer paid benefits including paid time off would be included under this item or if it would come out of administrative costs. Agreement was made that the wording would be changed to include it under marketing expenditures for marketing personnel only. Other staff would still be taken out of the administrative budget. Katie Grice will confirm with MOTBD staff to make sure that it is correct.
- **Section 7.3—Eligible Marketing Expenditures**: Discussion of Sub Section 17: “Computer and audio-visual equipment for implementation of a marketing method.” MOTBD staff clarified that if there is a purchase of equipment or software under marketing expenses, the organization will need to prove that it is specifically for marketing purposes. Example given was that if the organization purchased the latest version of QuickBooks, that would need to be an administrative expense but if they are purchasing software or a device to help track a marketing method that could be done under marketing expenditures. Agreement was that this item would be scenario based and could be difficult to define.
- **Section 15.2.21—Convention Promotion and/or Events Recruitment**: This section includes language that would allow organizations to use lodging facility use tax revenues for the recruitment of conventions and events including those originating within the State of Montana.

June 10-11, 2019 Region and CVB Marketing Plan Presentations

Katie reviewed the format for the Region/CVB marketing plan presentations at the June 10-11, 2019 TAC meeting. The main change is that the organizations will not be required to bring their entire trade show booth. There will be space available around the perimeter of the meeting room for them to showcase their creative materials, but presentations will all be done at the front of the room. Instructions and guidelines will be sent to the Regions and CVBs, so they know what the expectations are.

Change in Eligibility for the Sidney CVB

Glenniss Indreland announced that due to decreased bed tax collections, the Sidney CVB no longer meets the requirements to qualify to receive bed tax funding as a CVB. Jan Stoddard clarified that the Sidney CVB will have the opportunity to revise their existing budget and marketing plan which will need to be reviewed and approved by the TAC. Once approved, their contract will be amended to allow them to use the funds that they have already collected by June 30, 2020.

Rhonda Fitzgerald moved to approve the change in status for the Sidney CVB with an amended contract and marketing plan to be completed by June 30, 2020. Glenniss Indreland seconded. Discussion followed.

Bill McGladdery commented that in a situation a few years ago when the Havre CVB lost their funding, the money was reverted to the Central Montana Tourism Region. He asked why this funding was not being reverted to the Missouri River Country Tourism Region. Jan Stoddard stated that in discussions with the Department of Commerce legal staff, it was determined that although the Sidney CVB will stop receiving funding on July 1, 2019, they are still eligible to spend the funding collected through June 30, 2019 through an amended contract. **With no further discussion, motion passed.**

MONTANA HERITAGE COMMISSION REPORT—Jeff Ewelt, TAC Member

Jeff gave an overview of the Montana Heritage Commission which manages the historic sites of Virginia City, Nevada City and Reeder's Alley in Helena. He announced that they will be doing a ribbon cutting on June 7, 2019 at noon for the new Village Pump Gas Station & Visitor Center in Virginia City. While the gas pumps are vintage, they will accept credit cards and will be accessible 24 hours per day.

STATE PARKS SCORP MEETING REPORT—Joe Willauer, TAC Member

Joe was unable to attend the conference call, so no report was given.

EASTERN MONTANA INITIATIVE—Jan Stoddard, Industry Services & Outreach Bureau Chief, MOTBD

Jan gave an update on the Eastern Montana Initiative which is a program designed to develop sustainable, long-term solutions to declining bed tax dollar collections in designated areas. Bill McGladdery commented that since MOTBD is putting money behind this project and asked if communities such as Miles City, Sidney, other CVBs or Regions would be given direction in how to utilize expenditures for their marketing plan for next year. Pros and cons of radio and newspaper advertising in rural areas were discussed. Emphasis was placed on utilizing data and numerical measurements for method evaluations and accountability in demonstrating bed tax dollars are being spent responsibly. While details of State joint ventures may not be known at the time marketing plans are due, numerous organizations budget for that method in advance. Jan clarified that there have been five zones defined for the project and that team of staff and partners for the Eastern Montana Initiative will not have the ability to dictate how the organizations spend their marketing dollars. She said oversight of the Region/CVB marketing plans and budgets falls under the purview of the TAC.

In the first round of meetings with the five zones, the short-term goal is to utilize existing product and assets to encourage visitors to stop and explore as they are passing through these areas. The second phase of the project will entail collaborative destination development projects and working with communities that are ready to expand, manage and maintain their tourism product moving forward. Comment was made that the TAC should let those communities know that there is an expectation for them to joint venture and work with MOTBD when possible so there is consistency in the messaging.

ADJOURNMENT

Steve Wahrlich moved to adjourn the meeting. Tami Burke seconded. Motion passed. The meeting was adjourned at 5:21 p.m.

UPCOMING TAC MEETINGS

- June 10-11, 2019—Helena (Helena Regional Airport)

b. **MARKETING COMMITTEE DUTIES & PROCESS**

- i. **Marketing Plans:** While all TAC members are to read and comment on Marketing Plans, the Marketing Committee must be intimately familiar with the plans, provide preliminary feedback, verify changes are made, and provide recommendations to the full Council. Marketing plans are submitted electronically (fundingmt.gov) in early May, reviewed within two weeks to offer feedback, then a Marketing Committee conference call is held to vote* on recommendations 2 weeks prior to the June TAC meeting where a vote is brought to full Council based on the recommendations. Coordinate with MOTBD on marketing plan presentation format at June meeting. The committee shall also review past Marketing Method Evaluation Reports.

This occurs throughout the calendar year as Compliance Officer completes them. All audits must be completed by organizations by January 31. The committee can review in batches as available, but should have recommendation ready 2 weeks in advance of next TAC meeting. (MOTBD contact: ISO Compliance Officer)
- iii. **Time Commitment:** in addition to scheduled full TAC meetings

- iii. January Conference Call: ITRR provides budget for prioritized projects. Preparation requires about 1 hour of advance reading of the proposals plus +/- 2 hours on phone call to finalize Committee's project recommendations. The TAC members on the Research Committee will vote* on recommended projects to bring to the full TAC at the First Quarter meeting for final approval by vote of full council.
- iv. Ongoing year-round: review of draft project reports prior to publication: approximately 1-2 hours per report with about 4-8 reports each year that require review.

Committee Chair leads the calls and the research section of the full Council meeting. Votes are recorded by Research Committee Chair and by ITRR.*

- d. **Rules & Regulations:** Every two years, the Marketing Committee is responsible for reviewing the Rules & Regulations for Regions and CVB's with input from representatives from the Reg/CVB organizations, staff and legal counsel to bring to the full Council for approval. A typical review may begin in January, a draft presented at First Quarter TAC meeting with final approval at Fall TAC meeting. This is subject to lengthy legal review before officially implemented. MOTBD staff must record changes on master document during discussions. (MOTBD contacts: ISO Bureau Chief, Compliance Officer, Legal Council)
- i. Biannual rules/regs review: up to 40 hours spread out over several months.

Enrolled membership in a tribe does not, in and of itself, constitute an interest in a contract or the proceeds thereof. As applied here, the term "participate" prohibits making motions, seconding motions, and voting.

13.12. TESTIFYING AS A COUNCIL MEMBER: The Council is not charged with advocating for or against legislation, a Council member desiring to advocate for or against legislation generally must do so as a private citizen on the member's own time on his or her own behalf. The request for approval to testify can be made informally (e.g., staff can convey request by telephone or e-mail to the Director, who in turn will communicate with the Governor's Office) and should explain why the legislation is important to the Council, the substance of the testimony, and how it impacts the Council's subject area.

<https://www.mtrules.org/gateway/ruleno.asp?RN=42%2E14%2E302>

3.2 CHANGE IN ELIGIBILITY BASED ON COLLECTIONS

Based on a quarterly review of lodging tax collections, recognized organizations that are at risk of dropping below the minimum collections required to receive funds will be notified by the TAC chair that they may become ineligible.

The recognized organization may continue to execute their approved marketing plan and budget through the end of the fiscal year following the year in which they were eligible. This requires an amended contract with MOTBD and a vote of approval by the full TAC.

After one calendar year of failing to meet the minimum required collections, an organization will no longer receive funding. Notification of ineligibility will be provided by the TAC chair and MOTBD. Statute specifies that those funds must be allocated to the regional nonprofit tourism corporation in the region in which the city, consolidated city-county, resort area, or resort area district is located.

After meeting the minimum annual threshold of collections for one calendar year hence, the organization may re-apply for eligibility. Funds may not be disbursed until that entity has submitted an annual marketing plan to the council and that plan has been approved by the council.
